**Safety Data Sheet**

---

**1. Identification**

Product name	Diethyl-m-toluidine
Product code	DEmT
Manufacturer name	Mitsuboshi Chemical Co., Ltd.
Address	14 Kitanoharacho, Kamigamo, Kita-ku, Kyoto, 603-8006, Japan
Contact	Development and Technical Division
Telephone number	+81-75-781-1177
Emergency telephone number	+81-75-781-1177
FAX number	+81-75-701-7227

---

**2. Hazards identification**

GHS classification	
Health hazards	
Acute toxicity(inhalation)	Category 4
GHS label elements	
Pictograms and hazard symbol	
Signal word	Warning
Hazard statements	Harmful if inhaled.
Precautionary statement	
Prevention	Avoid breathing dust/fumes/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area.
First aid measures	If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell.
Storage	Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up.
Disposal	Dispose of contents / container by a special waste disposal contractor who received permission from the local governor.

---

**3. Composition/Information on****Ingredients**

Substance/ Mixture	Substance
Components	N,N-Diethyl-m-toluidine
Synonyms	N,N-Diethyl-3-methylaniline N,N-Diethyl-3-methylbenzeneamine 3-Diethylaminotoluene
Concentration	>98.5%

Chemical formula

CAS number

91-67-8

---

#### 4. First aid measures

If inhaled	Remove person to fresh air and keep comfortable for breathing. Call a doctor, if you feel unwell.
If on skin	Take off immediately all contaminated clothing. Rinse skin with water/ shower. Wash with plenty of soap and water. Wash contaminated clothing before reuse.
If in eyes	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice/attention.
If swallowed	Get immediate medical advice/attention. Rinse mouth. Get medical advice/attention.

---

#### 5. Fire-fighting measures

Extinguishing Media	Foam fire extinguisher, Powder fire extinguisher, Carbon dioxide fire extinguisher, Sand
Inappropriate fire extinguisher	Concentrated water jet
Specific hazard	Harmful or toxic fume and gases may be generated in a fire. The gas that contains CO and NOx may be generated.
Specific fire extinguishing method	Stop the supply of the combustible material, and extinguish the fire by appropriate fire extinguisher. Cool the neighbouring tanks and architectures by water spray to prevent the expansion of fire. Fire extinguishing activities should be done on the windward side of the fire. Prohibit the entry of non-essential personnel to the area of fire. Move the container away from the fire zone if it is not dangerous to do so.
Protective equipment and precautions for fire fighters	Wear appropriate self-contained breathing apparatus and chemical resistant protective clothing that can protect eyes and skin.

---

#### 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures	Workers should wear appropriate protective equipment, should avoid contact with eyes and skin, and inhalation of gas. Prohibit the entry of non-essential personnel.
---	---

Environmental precautions	Prevent leaked substances from entering surface and ground water in order to avoid impact on the environment.
Containment and clean-up methods and materials	Promptly remove all the ignition sources. (Prohibit smoking and fireworks in the neighbouring area) Collect spillage to metal- or glass-made container as possible. Move the residual liquid to the safe place by absorption to sand or unreactive absorbent.

## 7. Handling and storage

### Handling

#### Engineering control

Carry out the measures described in “8. Exposure controls/personal protection” and wear protective equipment.

#### Precautions for safe handling

Obtain special instructions before use.  
Do not handle until all safety precautions have been read and understood.  
Keep away from heat/ sparks /open flames/ hot surfaces.  
No smoking.  
Avoid breathing dust/ fume/ gas/mist/ vapors/ spray.  
Wash hands thoroughly after handling.  
Do not eat, drink, or smoke when using this product.  
Use only outdoors or in a well-ventilated area.  
Avoid release to the environment.  
Wear protective gloves/ protective clothing/ eye protection/ face protection.  
Wear respiratory protection.  
Wash contaminated clothing before reuse.  
Please refer to “10. Stability and reactivity”.

#### Avoidance of contact

### Storage

#### Storage condition

Store in a well-ventilated place. Keep container tightly closed.  
Store locked up.  
Keep away from strong oxidizing reagents, food, and feed.  
Ventilate along floor.  
Store in a place that have no access to drain tube or sewer pipe.

#### Container and packaging materials

Use a container specified in the Fire Service Law or United Nations transportation regulations.

## 8. Exposure control/ Personal protection

#### Control concentration

No setting

#### Threshold limit value

##### Japan Society for Occupational Health

No setting

##### ACGIH

No setting

Facility controls	In the place where the substance is stored and used, provide facilities for eye-washing and a shower for washing the entire body. Install ventilation equipment.
Personnel protective equipment	
Respiratory protection	Wear appropriate protective respiratory equipment as possible.
Hand protection	Wear appropriate protective gloves.
Eye protection	Wear appropriate eye protection.
Skin and body protection	Wear appropriate protective clothing and face protection.

---

## 9. Physical and chemical

### properties

Physical state, appearance	Liquid (20°C, 1atm)
Color	Pale yellow or pale brown
Odor	Peculiar odor
Melting point	-17 °C (GESTIS)
Boiling point	231.5°C (EPA, DSSTox)
Flammability	Yes
Explosion limit	
Upper limit	No data
Lower limit	No data
Flash point	104 °C (Cleveland open-cup, our company's data)
Auto-ignition temperature	ca 500 °C (GESTIS)
Decomposition temp.	No data
pH	No data
Kinematic viscosity	No data
Solubility	Very slightly soluble in water
Partition coefficient :octanol/ water	No data
Evaporation rate (Butyl acetate = 1 )	No data
Vapor pressure	No data
Density	0.926 (our company's data)
Relative vapor density(air= 1)	5.64
Particle characteristics	Not applicable

---

## 10. Stability and reactivity

Reactivity	React with acid or oxidizer.
Chemical stability	Stable for normal use and storage.
Conditions to avoid	Contact with open- flame, high temperature, incompatible substances.
Incompatible substance	Oxidizer, strong acid, especially nitric acid
Hazardous decomposition products	Heating causes combustion, harmful fume gas is produced.

---

## 11. Toxicological information

Acute toxicity

Oral	No data
Dermal	No data
Inhalation(vapor)	No data
Inhalation(mist)	LC <sub>50</sub> =4660 mg/m <sup>3</sup> (4hr)
Skin corrosion/irritation	No data
Serious eye damage/eye irritation	No data
Respiratory sensitization	No data
Skin sensitization	No data
Germ sell mutagenicity	No data
Carcinogenicity	No data
Reproduction toxicity	No data
Specific target organ toxicity (single exposure)	No data
Specific target organ toxicity (Repeated exposure)	No data
Aspiration hazard	No data

---

### 12. Ecological information

Hazard to the aquatic	
Acute hazard	No data
Chronic hazard	No data
Hazard to the ozone layer mobility	No data

---

### 13. Disposal consideration

Residual waste	Dispose of contents by a special waste disposal contractor who received permission from the local governor. When consigning waste to a contractor, be sure to provide sufficient notice of hazards and toxicity.
Contaminated packaging	Containers should be cleaned and recycled, or appropriate disposal according to relevant laws and local government standards. When empty containers are discarded, contents should be completely removed.

---

### 14. Transport information

International regulations	
Marine transport	Please, follow the regulations of IMO.
Aerial transport	Please, follow the regulations of ICAO/IATA
Domestic regulations	Regulations on transport in your region should be checked by your own responsibility.

---

### 15. Regulatory information

Regulatory information with regard to this substance in your country or in your region should be examined by your own responsibility.

---

### 16. Other information

References	The original data are indicated in each item.
