GREETINGS

We are pleased to be able to inform you of Japanese National SF Convention as one of the worldwide one.

Twenty-five years have passed since 1st Japanese SF Convention was held in Tokyo (MEGCON '61). At the early stage Japanese SF was some imitation of European and American one. But now Japanese SF has five original directions:

- 1st, many creative fictions
as *JAPAN SINKS* by Sakyo Komatsu,
- 2nd, superior animated films
as *ASTROBOY* by Osamu Tezuka,
- 3rd, powerful SFX films
as *GODZILLA* by Eiji Tsuburaya,
- 4th, successful illustrations
as those by Shusei Nagaoka,
- 5th, imaginative SF music
as those by Isao Tomita, or Yellow Magic Orchestra.

The main theme of the 25th Japanese National SF Convention is *JAPANESE SF--ITS SUCCESS AND FUTURE*. We want to think about not only Japanese SF, but SF itself with worldwide view and its part as the total media.

I believe the convention will provide pleasant merriment for attendances, as well as the opportunity to know the current status of Japanese SF. We look forward seeing you at DAICON 5 '86.
